So oil comes from death concentrate and loads of it. Its how the Earth stored its carbon excess as it and possibly our fate to return to it for dredging it up and releasing it. It’s bittersweet, but it’s beautifully balanced.

Oil Comes from Dinosaurs - Fact or Fiction? The oil patch in the US has been hit by a double whammy. The Saudi-Russian fight for market share helped drop the price of West Texas Intermediate, the American benchmark, to just above $20 a barrel.

Bailing out the oil industry brings a fate worse than death

Thomas Cullen Davis (born September 22, 1933, Fort Worth, Texas) is an American oil heir and member of a prominent family. Davis is best known for being acquitted of murder and attempted murder in two high-profile trials during the 1970s. At the time of his first trial, Davis was believed to be the wealthiest man to have stood trial for murder in the United States.
